ELMWOOD TERRACE

Gladiolus Offerings for 1929

Margaret Breard Hawks
BENNINGTON, VERMONT

There Are No Better Bulbs Than Elmwood Terrace Offers--At Prices Much Lower Than This Champion Stock Deserves

L'IMMACULEE (French—midseason) An old reliable pure white extra tall and slender. Eight to ten blooms out at once. Beautiful shaped flower. Perfect placement. For floral work and artistic effect it is a gem. 10c each.

LONGFELLOW (Dec.—now—early) This is the exquisite La France pink glad that has so completely stormed the hearts of the gladiolus world, so that growers cannot meet the demand for it, but are sold out sometimes even before their catalogues are issued. Extra tall willowy stems with bloom perfectly placed is a sight to stir the admiration of all. An aristocrat in every detail. 30c each.

LOS ANGELES (Hondyshel) The famous "cut-and-come-again" glad. Not all bulbs will throw up additional stems from the stump after the first bloom is cut but many will especially if well grown and fertilized and not cut too low the first time. The color is a beautiful shrimp pink. Tall grower—many out at once—a beauty. 10c each.

LOUISE (Wright—late midseason) A very fine extra large rosy lavender with wide open flowers with dark wine pencilling on lower petals. Very rich coloring and a strong grower and multiplier. 10c each.

LOYALTY (Austin—new—midseason) One of the finest yellows in existence and one of the deepest pure self colors. Extra fine substance and heavily ruffled. Well placed on tall stems and many open at once. Undoubtedly will be among the foremost when better known. Everyone who has seen it predicts a great future for this lovely variety. Rapid propagator. \$2.00 each.

LOVELINESS This is another old variety so fine and so beautiful it deserves a place on the best lists. A rich creamy color with faint undertone of apricot which enlivens and enhances the beauty. Large flowers. Fine tall stem. 10c each.

LUCIUS (Fischer—new—midseason) A most beautiful brilliant golden orange color. One of the top notches in this unusual color. A most appealing brilliant flower. 50c each.

MAD. MONNET-SULLY (French—early) Exquisite large round cream white blooms with red blotches on lower petals. One of the finest French varieties. A true aristocrat. 30c each.

MAD. NORENA (Dec.—new—early) Very light flesh pink almost white splashed with deeper pink at the edges. Throat very rich clear barium yellow, the two colors blending harmoniously. Wide open flowers of good substance and beautifully ruffled edges. Many open and perfectly arranged. One of the finest of recent introductions. A strong grower and good multiplier. \$2.00 each.

MAD. VAN KONYENBURG (Pfitzer—new midseason to late) One of the finest of the sensational new blues on the shade of the old Baden. Most distinct porcelain blue slightly feathered darker in the throat. It is a strong grower and one of the finest among all at once. Perfect form and good multiplier. Great prize winner. \$1.75 each.

MAGIC (K.—66-90) Tall fine lavender blue with large rich dark violet purple throat blotches. Blooms not large but many open and perfect placement. Fine in floral decorations. 10c each.

MARIETTA (Metzner—early midseason) Tall salmon with deeper blotches. Very large flowers. Color clear and attractive. Popular in the exhibition class calling for pink with blotches. 20c each.

MARIE KUNDERO (K.—66-96) Purest white with an almost invisible line of soft pink in the throat. Beautifully ruffled and perfectly shaped bloom. Many open at once correctly placed. Stems graceful and slender. A most ideal and lovely creation. 15c each.

MARMORA (Errey—new) Perhaps the finest smoky glad in existence. Imagine a long spike adorned with six to ten huge flowers of a beautiful smoky lavender with deeper blotches in the throat, all open at once. Attracted crowds at the A. G. S. show at Toledo and brought forth exclamation of admiration. A well grown spike of this exquisite variety will be hard to compete with on the show table. \$2.50 each.

MARNIA (Kemp—91 days) A beautiful live shade of granddame orange feathered with rose in the throat. Blooms over four inches across and several open at once. Strong grower and good multiplier. Prize winner. 20c each.

MAR. FOCH (K.—85-94) Color flesh salmon pink shaded deeper in the throat and edges of petals. Almost a self color. Texture extra heavy and blooms ruffled. Rated the highest in its color class and winner of hundreds of prizes. Five or six open at once. Perfect placement on quite tall stems. One of the very best. 15c each.

MARY FENNELL (K.—78-90) Deep rosy lilac with creamy primrose throat. Fine large bloom. Several open and perfect habit. 8c each.

MARY FREY (Gelsner Bros.—extra early) The first and only glad to date to win the \$500.00 Trail Ground Challenge Trophy of the American Gladiolus Society and winner since of many highest awards. Color beautiful lavender pink with ruby blotch on lower petals. Resembles a cattleya orchid in its beautiful coloring. Flowers of large size perfectly placed on a long straight stem. Six to nine open at once, and of a very lasting quality. Vigorous grower and very prolific. \$5.00 each.

MARY JANE (K.—81 days—new) A beautiful silvery pink with light lavender sheen. Delicate clear throat and many large perfectly placed flowers open at once. Winner of many highest honors on the show table. A most exquisite variety. \$2.00 each.

MARY S. BURKE (Diener—late) Canary yellow overlaid apricot. A long stem with many blooms open at once. Lovely rich sunset yellow. 15c each.

MARY PICKFORD (K.—69-94) An extraordinary flower of delicate creamy white with soft sulphur throat. Stem and calyx also white. Many blooms out at once. Habit perfect. Heavy multiplier. One of the best known of the Kundero varieties. 8c each.

MASTERPIECE (K.—80-89) A magnificently ruffled American Beauty rose color. Very rich and fine. Giant plant and flower. 20c each.

MAURICE FULD (Gage—early) Enormous delicate rose pink with deeper throat markings. This too is a great winner of prizes. Many blooms open at once. Perfect placement. Tall growth. All the show requirements, and very outstanding. 40c each.

MINUET (Coleman—late midseason) The standard bearer in its class and the one by which all other lavenders are judged. A wonderful clear self-colored lavender. Magnificent spike. Many large flowers open at once. A challenge to all comers on the show table. Three years ago sold for \$100.00 each. \$1.50 each.

MISS DES MOINES (Decorah—new) This is the champion seedling of the mid west glad show which won the Slason hundred dollar prize which was later relinquished in order to honor Des Moines by naming this sensational variety for that city. The color is clear lavender, deeper at the edges of petals and fading to almost white in the center. The soft delicate colors blending harmoniously. Eight blooms usually open at once and regularly placed. Stalks tall and always erect. \$25.00 each.

MISS MADISON (Boytown—late midseason) A clear light pink with as fine a sheen as a pink pearl. Large flowers, medium long, graceful stem. Makes a beautiful house decoration on account of its delicacy of tone. 15c each.

MONA LISA (K.—midseason) A pale silvery flesh heavy texture and ruffled. Exquisite finish and perfect habit. 10c each.

MONTEZUMA (Decorah—late midseason) Very dark rich crimson carmine faded black. Maroon throat mottled yellow. Large flowers very fine and showy. One of the best dark varieties. 10c each.

MOTTLED BEAUTY (K.—late) A most unusual flower of large size and extremely heavily ruffled. Color a cream white with enormous throat blotches of odd oriental colorings which are somewhat variable. Like a large speciosum lily. 25c each.

MORNING GLORY (P. Vos—early midseason) The improved Schwaben. Same clear soft yellow with small scarlet red throat blotch but the spike is graceful and the flowers well spaced, not crowded as in the parent. Prize winner. 15c each.

MR. MARK (Holland—midseason) A good dependable iris blue. Beautiful color and fine sturdy grower and good propagator. Sometimes blooms first season from bulblets. 10c each.

MR. W. H. PHIPPS (Delber—late) The fame of this variety is sung throughout the gladiolus world and in the symposium it was given the highest rating of any variety. A wonderful shade of light salmon pink, flecked with darker shade. Tall straight stems carrying twenty or more enormous blooms open at once. It is a constant astonishment to visitors at the shows. A glorious variety. 25c each.

MRS. ARTHUR MEEKER (K.—83-90) Exceptionally fine deep rich American Beauty rose color. A very beautiful flower of perfect habit. 20c each.

MRS. DR. NORTON (K.—77-96) Finest cream and pink blending together to form one of the loveliest creations ever given to flower lovers. Extra long slender stems arching gracefully beneath their wealth of lovely bloom. Wonderful for floral decorations. 10c each.

MRS. F. C. HORNBERGER (Hornberger—late—new) As pure snow white as Europa, but a much larger flower, stronger grower, and a fine multiplier. Awarded championship cup at Boston for best variety in the show, also first prize for pure white. First prize at Hartford for best spike in the show. A masterpiece among whites. \$1.00 each.

MRS. FRANK PENDLETON (K.—70-97) Bright rose pink flushed on pure white ground. A giant blotch of richest carmine red on lower petals. No finer variety in existence. Everywhere awarded highest honors. 6c each.

MRS. F. C. PETERS (Fischer—late) An extra fine variety of rose lilac, with large crimson blotches bordered white on lower petals, resembling an orchid in colorings. Flowers of large size and many open at once. Perfect habit, strong grower. Classed among the very best. 15c each.

MRS. C. W. MOULTON (K.—73-93) A giant violet red or dark cerise. Many open. Well placed. An occasional bloom comes double. Prize winner. 10c each.

MRS. H. E. BOTHIN (Diener—late) Light geranium pink, heavily ruffled, deeper scarlet center. Strong well built spikes. Heavy propagator. A lovely color combination and a fine cut flower. 10c each.

MRS. K. PRESTGARD (Dec.—midseason to late—new) Pure snow white with a hint of markings. Seven or eight immaculate lily-like flowers open at once on tall graceful stems. Has splendid texture and lasting qualities. 25c each.

MRS. LEON DOUGLASS (Diener—midseason) Ground color begonia rose striped with flame and brilliant scarlet. Pale yellow in the lip with specks of ruby. This easily grows six feet tall with thorough cultivation and the flowers are immense. Should be staked. 20c each.

MRS. THOS. RATTRAY (Errey—Australia—new) Imagine fifteen to twenty large flowers of a beautiful rose pink in bloom at one time on a very large spike and you have some idea of this celebrated exhibition variety. \$3.00 each.

MRS. P. W. SISSON (Coleman—new—midseason to late) Wonderful cameo pink with beautiful silvery sheen over the heavy textured large blooms. Won the \$100.00 prize for finest seedling at A. G. S. show New York. A strong grower and good propagator. One of the real glads that will grace any collection. 60c each.

MRS. JOHN R. WALSH (Diener—midseason) Heavily ruffled flesh pink with dark ruby throat. Flowers very large and a good number open at once. 20c each.

MRS. WATT (Crawford—midseason) A American Beauty color with stem and foliage of a bluish green which harmonizes with the glowing color of the bloom. 6c each.

MRS. W. E. FRYER (K.—late) A very showy semi-ruffled orange scarlet. A fine bedder as it stands up well and is very durable and lasting. 8c each.

MURIEL (Holland—early) Not new, but one of the loveliest of the light blues. Flowers larger and growth stronger than most varieties of its color. Has small dark blotch in the throat. 16c each.

MYRTLE (K.—extra early) This is as sweet and fresh and intriguing as a young debutante. Delicate rose pink melting to a throat of creamy white. Many open on a slender straight spike. A bouquet of sky blue with baby's breath or achillea, or the lovely esky blue Belladonna delphinium and you won't want

to leave the room it is in. 10c each.

NANCY HANKS (Salsbach—early new) A really charming variety of soft yellow and apricot tones. Large flowers. Many open and perfectly placed. Splendid grower and exquisite under artificial light. 30c each.

NATALIE (K.—84 days) Deep salmon orange shading deeper on lower petals with neat short white line extending from throat marking. A beautiful brilliant flower. Very tall and showy. 15c each.

NE PLUS ULTRA (K.—new) Elegantly ruffled flower of most beautiful deep rich cream color with lovely throat marking of fine red and finely penciled base. Fine for every purpose and a very beautiful variety. \$3.00 each.

NORA (Holland—midseason) Very good light blue with small dark throat blotch. A very popular inexpensive variety in this color. 8c each.

NORMA TALMADGE (Dec.—new—midseason) One of the extra good new yellows. Clear sulphur almost self color. Blooms large and many open at once forming a beautiful erect spike. Nearly all buds showing color at one time. Do try it with your blues, lavenders, purples and other dark tones including the oriental colors and you'll have a feast for the eyes. 50c each.

OPALESCE (Bill—early midseason—rates 97) Tall spikes of large blooms of pale rose lavender. A pure self color with soft throat lines of larker shade. Blooms well placed and of good substance. A good cut flower. Durable and showy. 15c each.

ORCHID LADY (Spencer—new—late midseason) Gigantic blooms of an iridescent delicate orchid shade. First glimpse of it suggested an enormous soap bubble reflecting these tones. It was awarded the silver medal A. C. S. show New York for the finest new seedling in the show. \$1.50 each.

PARAMOUNT (K.—78-95) An exquisite blending of peaches and cream similar to Mrs. Dr. Norton. An exquisite variety. 25c each.

PAULINE KUNDERO (K.—85 days) A pure rose pink of most fresh, delightful tone with throat of finest cream harmoniously blended. Has habit of growth and form of flower of the famous Mrs. Dr. Norton and is one of the most choice of recent years creations. A masterpiece. \$5.00 each.

PEACH ROSE (K.—early) An extra choice and distinct deep rose pink of remarkable color and appearance. Throat marked with beautiful darker rose colored blotch. A beautiful variety and winner of many high awards. 15c each.

PEARL OF CALIFORNIA (Kingsley—new—midseason) Enormous blossoms of clear soft La France pink blending to a rosy white throat. The tall graceful spike bears from twenty-six to thirty-two buds with eight to twelve open at once. The size, color and form of the flower are all that could be desired. Introduced at \$100.00 per bulb. \$2.00 each.

PERSIA This variety is very similar to Arabia and is claimed to be identical—see description of that variety. 30c each.

PFITZERS TRIUMPH (Pfitzer—new—late midseason) A gigantic amaryllis like flower of bright flame scarlet with a cherry blotch in the throat. Excellent habit and form. Spectacular and undoubtedly one of the largest and finest glads ever introduced. Introduced at \$100.00 each. \$1.50 each.

DR. VAN FLEET (K—early) Attractive blooms of a rich deep rose pink with creamy yellow throat, well spaced along an extra tall wiry stem. Lovely for a basket or tall vase, with creamy yellows. 10c each.

DUCHESS OF YORK (Dames—midseason) This stands high on the list of darker blues. Tall grower. Several large flowers of finest form, well placed on stem, are open at once. A beautiful rich contrast for the creams, yellows a certain harmonizing shades of pink. 15c each.

ECSTASY (K—new) A dark rich cherry red of the gloriole type resembling the variety Emblem but darker and carrying its blotches on all six petals. Has the snap dragon form. A rich showy flower for the garden. Each \$1.00.

ELDORA (Kemp—66) A beautiful bleeding of Capucine buff shading to grenadine pink flaked jasper red makes this variety a most pleasing color harmony and one difficult to describe. The flowers are four inches across and four or five open at once on long straight stems. 30c each.

ELF (Diener—late) A creamy white which bleaches pure white with a lemon yellow lip. Tall straight stem with six to eight blooms open at once. Wonderful for florists work or decorative purposes especially in tall baskets or vases. 10c each.

ELORA (Burbank—very early) Large flesh white with gold on lip of lower petals and three or four short pin lines of red on the gold. Strong grower and great multiplier. Few larger. 10c each.

E. J. SHAYLOR (K—71-95) Tall strong plant and very large, well ruffled blooms of beautiful pure deep rose pink. Winner of many awards and prizes. No faults of any kind. 8c each.

ELKHART (K—early midseason) Bright lavender rose of most unique shade. Pure self color. Several blooms open at once correctly placed on a graceful stem. Much admired. 20c each.

EMBLEM (K—oew) This is a most extraordinary variety as wonderfully marked as a magnificent gloriole. In color a rich cherry red with a very remarkable throat coloring which runs over all six petals. On the lower three it covers first a large dark, velvety, ruby red blotch wonderfully bordered by two distinct additional color zones. First a very dark deep red about one-fourth inch wide then a very soft yellow beautifully stippled red. Marvellous show flower. \$2.50 each.

EMILE AUBURN (Lemoine—midseason) Coppery bronze overlaid smoky blue. The lower petals carry large cherry red blotches. The total combination of colors gives the loveliest oriental effect like a fine old rug. The blooms are large sometimes measuring six inches across and many open at once on a stem strong enough to hold them erect. Strong grower and heavy multiplier. 50c each.

EUGENE LEFEBRE (Lemoine—midseason) Bright pink with very attractive dark blotches on lower petals. Large spike with many open at once. One of the finest French varieties and very showy. 15c each.

EUROPA (Pfizer—late midseason) Pure snow white. Has long been the standard by which all whites were judged. Not a strong grower and requires good cultivation and sufficient fertilizer and water to bring perfection. Exquisite when well grown. 15c each.

EV. KIRTLAND (Austin—midseason) Very tall slender spike, blooms exquisite melting pink deepening toward edge. Brilliant scarlet blotches on lower petals. One of the best at any price. 10c each.

EXQUISITE (K—midseason) American Beauty rose color. Strong plant with many large ruffled flowers out at once. Extra. 15c each.

FERN KYLE (K—early midseason—96) A large ruffled flower of creamy white color. Vigorous grower. Usually takes the first prize in exhibitions calling for this color. Very elegant and refined. A good multiplier. 20c each.

FIRE RIBBON (K—88-90) Tall with nearly all blooms open at once making a long fiery band of glowing red. Exceedingly showy. 15c each.

FLORA (Holland—midseason) Very strong grower and fine large clear yellow blooms, self color and five or six open at once. A general favorite in this color. 10c each.

FLORENCE (Vilmorin—midseason) Beautiful clear lilac purple with large clean white throat blotches. A captivating variety very "Freuchy" in its style. Stock very scarce. 50c each.

FONTAINE (Coleman—midseason) An exquisite blending of pink and cream beautifully ruffled. A gem of perfection and finish in every detail. 20c each.

GAILEY (K—75-92) Bright salmon pink flaked deep salmon red. Very conspicuous white blotches on lower petals. Very tall grower and many blooms out at once. 15c each.

GERTRUDE ERREY (Errey—Australia—new) Enormous blooms of medium pink shading to a throat nearly white which is marked with a crimson feather. The whole flower is lighted with a salmon glow which makes it fairly glisten. Six to ten of these giant blooms perfectly placed on a tall straight stem. Not surprising the number of prizes it wins on the show table. 25c each.

GETTYSBURG (Dec.—oew) Rich velvety carmine, throat darker. Large round well placed flowers on tall slender stems. So showy they attract attention wherever they are seen. 30c each.

GIANT MYRTLE (K—early—midseason) This lovely creation has the coloring of that dainty exquisite variety Myrtle, but is much larger and more showy and also a taller grower. Makes a fine exhibition variety. 30c each.

GIANT NYMPH (Coleman—early midseason) A giant in plant and flower. Color light salmon rose. Many open at once. A wonderful spike, and one of the very best pinks. 10c each.

GOLD (Decorah—early) An extra fine deep rich self yellow with many blooms open at once correctly placed on graceful stems. A very fine vase flower and just the color to use with the blues and purples to light them up. 10c each.

GOLDEN DREAM (Groff—new) A sensational new yellow of the same deep yellow color of the Prim. Souvenir, but with the strength and habit of Golden Measure with the rich heavy texture of the latter. Five or six blooms open at once. This variety stands at the top among the prize winning yellows and carries off many of the highest honors. 75c each.

GERALDINE FARRAR (Diener—midseason) Pale lavender violet with small deep violet spot on lip. Unlike many blue varieties the growth is strong and vigorous. Was first offered at \$100.00 per bulb. Flowers very large—stem tall. Conspicuous among the best light blues. 50c each.

GOLD EAGLE (Austin—new—early) This is another top notcher in the new yellows. Extremely early. Tall slender spikes always straight. Flowers medium size slightly ruffled. Vigorous grower. Good propagator. Many buds bloom the first season. 60c each.

GOLDEN GLORY (K—75-92) This is a well ruffled yellow of clear light tone with large dark throat blotches. Growth tall and strong. 15c each.

GOLDEN MEASURE (Kelway—midseason) This is the giant yellow. It has attained six feet in our gardens and the large blooms are very heavy textured and inclined to wave—almost ruffled. The color is rich solid self and six or more blooms open at once. A most imposing plant. 15c each.

GOLD STAR (K—new) Medium tall perfect plant with large perfectly placed deep yellow flowers. Lower petals of still deeper yellow, like a very richly colored daffodil. Many flowers open at a time. A grand yellow and equally fine for florists use or landscape planting. \$1.50 each.

GOLIATH This fine very dark purplish wine colored gladiolus holds its popularity among the new high priced kinds. Strong grower—early—many open at once. All good habits. Lovely with the delicate varieties. 10c each.

GRACE KIMBALL (Dec.—early—midseason) Pale Hortense violet, with rich dark velvety blotches of hyacinth violet. A very lovely blue combination and several blooms open at once on the tall stem render a very exquisite picture. Strong clean grower, with fine clean bulbs. \$1.00 each.

GRETCHEN ZANG (Austin—late) Soft salmon pink deepening to salmon on lower petals. A beautiful cut flower variety. A splendid late market kind. 8c each.

HALLEY This is an old variety. Tried and true, and not found wanting in any of the necessary dependable qualities. Extra early—usually the very first. Color bright salmon rose—many open—graceful. Everything good and nothing had can be said of it. 5c each.

HAZEL DAWN (Dec.—late) An unusual strawberry pink color, throat lighter and dotted carmine. Extraordinary long spike with a large number of florets. Winner of many first prizes. A very strong grower. 25c each.

H. C. GOEHL (Fischer—early) A fine early white with conspicuous large dark red velvety blotches on the lower petals. The habit is perfect. Flower well placed on tall slender stems and many open at once. A great prize winner in the class calling for blotched white. 20c each.

HEAVENLY BLUE (Pfizer—oew) A sensational light blue, delicate self color lavender blue. Said to be the clearest softest and nearest blue of any glad on the market. The flowers are large and well placed on a tall stem. Sometimes as many as ten

open at once. A grand exhibition variety. \$7.50 each.

HELGA (K—early) A bright salmon rose on extra long stems which though straight are very slender and can be arranged for tall or drooping effects to great advantage. A most decorative variety. 15c each.

HELEN HOWARD (Austin—new) General color buff flushed coral with dainty dashes of peach red and throat of purest number. The blooms are wide open form and petals are daintily frilled. The spike is tall with its well placed blooms, many of which are open at once. Very artistic and attractive. \$1.00 each.

HERADA (Austin—midseason) A large glistening mauve self color. The very best of its shade at a medium price. Excellent for florists work and does not burn nor flick in hot weather. 8c each.

HENRY FORD (Diener—midseason) Very dark rosinule purple shading deeper near the center. Color similar to Anna Eberius but larger and clearer. A tremendous propagator. Introduced at \$200.00 per bulb. 15c each.

INDIAN MAID (K—82-90) Tall plant well clothed with flowers of beautiful peach-blossom pink with lovely deeper throat. Choice. 10c each.

IWA (Betscher—new late midseason) A fine rose pink with large dark throat blotches. Large blooms—fine spike. Conspicuous but not coarse. An extra showy variety. 35c each.

J. A. CARBONE (Diener—midseason) Orange salmon very iridescent, shaded darker toward edge of petals, yellow center. Fine long, well built spikes. One of the finest and largest in this color. Introduced at \$30.00 per bulb. 15c each.

JACOBA VAN BEIJEREN (Van Deursen—late midseason) Most distinct violet self color with slightly darker blotch. It is a soft cattleya rose on slender straight stems with blooms correctly placed. 15c each.

JACK LONDON (Diener—late) Tall bright salmon bloom. Many open at once on slender stem. Has mingled color tones which add to its brilliancy. Fine under artificial light. 10c each.

JANE ADDAMS (Dec.—midseason) This new lavender has already caused a stir among glad fans. It is a tall grower and the flowers are enormous, said to attain more than seven inches in diameter. The blooms in our garden attained show size from very young bulbs only $\frac{3}{4}$ to 1 inch in diameter and were a wonder in color and substance. This variety is undoubtedly destined to a future of great popularity when better known. A strong grower. Great multiplier and the largest bloom in its color class. \$1.00 each.

JAP LADY (Dec.—midseason) This is one of the most unique in coloring of the whole gladiolus world. Its color is described as a Bishop purple, velvety blackish purple blotch in the throat. Being a seedling of the weak growing Badenia it requires a little attention to grow it to perfection. Only young bulbs about 1-1 $\frac{1}{4}$ inches should be used. Sand should be placed under and around the bulbs used. Perfect drainage assured and no animal fertilizers at all. The bulbs have a queer bluish rather rough appearance. 25c each.

JEAN DU TAILLES (France—midseason) Extra large salmon pink blooms with fine velvety large maroon blotches on lower petals. Always calls forth great admiration from visitors to our gardens and our stock is usually sold to them before listing in our catalogue. 15c each.

JENNY LIND (Dec.—early) The so-called Sweet-heart of the gladiolus world. Soft apricot pink, pale yellow throat. Stems tall, graceful and many blooms open at once. To grow Jenny is to love and admire her. 10c each.

JOE COLEMAN (K—midseason) Large, vigorous growing rich red, many fine ruffled blooms open at once on tall stem. 8c each.

JOHN T. PIRIE (K—83-92) A most unique and beautiful combination of soft oriental colors. A blending of mahogany brown with remarkable deeper throat blotch bordered yellow with a bright spot of oriental red on the lower petal. Fascinating. 20c each.

JUNIATA (Kemp—early) An exquisite delicate pink with white throat. Tall graceful stem with wide open blooms $\frac{1}{2}$ inches across as daintily poised as butterflies. Has won very high awards besides the silver medal. \$1.50 each.

JOERG'S WHITE (Joerg—early midseason) Awarded first prize three years in succession by New York Hort. Soc. and winner also of the A. G. S. trophy. Unquestionably one of the largest flowered gladioli ever produced and easily a top notcher among white exhibition varieties. Perfect arrangement of blooms, seven open at once, and each one six inches or more across. A wonder. 60c each.

KIRCHHOFF'S VIOLET (Kirchhoff—early) A lovely shade of clear medium blue with darker throat blotch. Tall straight stem and several flowers open at once in perfect placement. This variety won first prize against several of the highest priced ones in the Boston show. Is in greater demand than supply, consequently price is increasing. 50c each.

KUNDERD GLORY (K—77-93) The forerunner of all the ruffled race. Beautiful creamy apricot with fine red markings on lower petals. 8c each.

LA COURONNE (Lemoine—early) Creamy yellow with large deep red velvety blotches. A long flower spike with several blooms open at once. Fine in floral arrangements on account of its extreme grace. 15c each.

LE MAR. FOCH (Heemskerck—extra early) Very delicate pink almost flesh with enormous wide open flowers. Very popular everywhere. 6c each.

LILAC WONDER (Gullemaos—very early) Very soft wonderful rose violet with slightly darker blotch. It is a soft cattleya rose on slender erect stems with flowers perfectly placed. Awarded first class certificate in Holland. 30c each.

LILY OF GOLD (K. new) Five or six large wide open flowers of diamond form open at once on a sturdy straight spike. Color a rich canary yellow a little deeper on lower petals. Form of flower unusual. Upper petals widely open with central one extremely large and upright. Placement perfect. Good multiplier, but as yet very scarce. Some pronounce it the greatest of all gladioli. \$50.00 each.

Expert Selections Improved by Perfected Cultural Methods

The letter K following the name of a variety means that Kunderd is the originator of that variety and "Dec." means originated by Decorah Gardens.

The first number in parenthesis indicates the normal number of days after planting required for that variety to bloom.

The second number in parenthesis means that this variety has had expert ratings given it and the number is that percentage of 100 perfection.
